

THIRD SPACE LEARNING explained for District Leaders

Accelerate math growth across your district with online one-on-one tutoring for the students who need it most

Scalable

Personalized standards-aligned math tutoring is easy to implement across multiple classes, grade levels and schools.

High Impact

Students receiving just one 45 minute tutoring session per week achieve 7 months of math growth in 14 weeks.

Low Cost

Prices start from just \$16 per student per session - 2.4x more affordable than the average cost of math tutoring.

	Core (Once a week)	High Dosage (3 times a week)	Intense Booster (5 times a week)
30 minute session (cost per student)	\$20	\$18	\$16
45 minute session (cost per student)	\$25	\$23	\$21

Discounts are available for multi-school bookings!

"We just had our first session and it went great! The kids really liked it and felt like they were learning! One even said he finally felt like math was making sense."

Michelle Craig, Instructional Coach,
Sherwood Forest Elementary,
Washington

Students receiving just **one 45 minute** tutoring session per week achieve **7 months of math growth in 14 weeks**

How Third Space Learning can support your district:

- ✓ **Reach more students at more schools:** Multiple students receive one-on-one support in the same timeslot
- ✓ **Maximize staff capacity:** Teachers are free to focus on core instruction or small groups
- ✓ **Close math learning gaps:** All tutoring is personalized to each student's individual needs
- ✓ **Consistent, high-quality instruction:** Tutors use a curriculum of scaffolded lessons aligned to your state's standards
- ✓ **Access to subject specialists:** All our STEM-specialist tutors undergo rigorous training and pass background and FBI fingerprint checks
